

# SimpleSave Rx Plan

## BEAT THE HIGH COST OF PRESCRIPTION DRUGS

Today's prescription medications are more effective than ever before – but they're also more expensive. The growing need for prescription drugs is putting tremendous financial pressure on many people who do not have prescription drug coverage.

- The cost of drugs is rising faster than any other health care cost.
- Many plans are now excluding or restricting the purchase of prescription drugs.
- Many plans require an annual deductible or cut-off benefits after an annual maximum.

## SAVING ON YOUR Rx IS GOOD MEDICINE

SimpleSave Rx is dedicated to making prescription drug benefits simple and affordable for all:

- You can use the SimpleSave smart application to shop for the best Rx solution. SimpleSave will provide the cost of prescriptions at each participating pharmacy within a specified geographic area visible via a web or mobile app allowing you to “shop” for the best price on your prescription.
- Pure Pass-Through Pricing - No markups or hidden fees.
- The Premier Pharmacy Partner network of over 66,000 pharmacies nationwide will help you save the most on your prescription drugs.

## Why SimpleSave Rx?

Did you know that prescription drug prices can vary greatly on any given day at any given pharmacy - even by a chain's location? As a consumer, having a tool at your disposal to show you the current cost of any given prescription at various pharmacies in your geographic area will help you save money. **SimpleSave Rx utilizes pure, pass-through pricing with no markups or hidden fees.** Unlike many other plans, no coupons are required to receive the lowest prices available.

## Sample SimpleSave Rx Prices\*

|   |                     |
|---|---------------------|
| Atorvastatin (generic Lipitor) 40 mg. 30 tablets        | \$2.15 - \$3.15     |
| Levothyroxine (generic Synthroid) 100 mg. 30 tablets    | \$5.00 - \$5.21     |
| <i>Advair Diskus</i> - Brand name                       | \$134.63 - \$138.97 |
| Bupropion XL (generic Wellbutrin XL) 100 mg. 30 tablets | \$3.63 - \$8.26     |
| <i>Ventolin HFA inhaler</i> - Brand name                | \$20.97 - \$22.47   |
| <i>Vyvanse</i> 40 mg. 30 tablets - Brand name           | \$260.81 - \$268.30 |
| Amphetamine Salts (generic Adderall) 10 mg. 30 tablets  | \$9.15 - \$12.61    |
| Rosuvastatin (generic Crestor) 40 mg. 30 tablets        | \$4.53 - \$5.53     |
| Levofloxacin (generic Levaquin) 250 mg. 10 tablets      | \$1.22 - \$2.22     |
| Esomeprazole (generic Nexium) 40 mg. 30 tablets         | \$16.00 - \$17.00   |

\*Sample prices cited are as of 11/1/17 based on SimpleSave discounted prices calculated in representative zip codes in TX, FL, MI, CA and TN. Pricing is subject to change. You may call the Leslie & Associates Benefit Alliance customer service department for more information. **Prescriptions are limited to a 30 day supply per month.**

## How the SimpleSave Rx Plan Works

The SimpleSave Rx Plan is an alternative pharmacy benefits manager with an established Premier Pharmacy Partner network of over 66,000 participating pharmacies nationwide and passes through all of the negotiated savings to its members. The more you buy - the more you save. Fill an unlimited number of prescriptions per month for a low monthly fee. This plan allows individuals to help keep the cost of their prescription drugs at more affordable levels. This is not an insurance plan.

### MONTHLY FEE

|                                  |         |
|----------------------------------|---------|
| Employee Only                    | \$ 8.00 |
| Employee & One (Spouse or Child) | \$10.00 |
| Employee & Family                | \$12.00 |

# The Benefit Alliance Plan

 **Leslie & Associates, Inc.**

## Easy to Use

Upon enrollment you will receive a SimpleSave Rx Certificate of Membership, which explains how to maximize your benefits, along with your Benefit Alliance member identification card. You can visit [www.simplesaverx.com/BAP](http://www.simplesaverx.com/BAP) via your smart phone/tablet/laptop/personal computer - any device with internet access - to look up drug prices at convenient retail pharmacies or call the toll-free number provided with your membership certificate for assistance.

### Participating Retail Pharmacy

Simply present your Benefit Alliance identification card with the SimpleSave Rx logo to any participating pharmacy along with your prescriptions. The pharmacist enters the data and transmits it electronically to SimpleSave Rx's (the pharmacy benefit manager) computer that will calculate the appropriate discounted pricing. **Prescriptions are limited to a 30 day supply per month.**

## Membership Eligibility

Acceptance is guaranteed to anyone. All members and enrolled dependents are automatically eligible for benefits immediately upon the effective date of membership.

## Monthly Membership Fees

The SimpleSave Rx Plan is not an insurance plan. Your membership fees maintain your access to the SimpleSave Rx drug negotiated pricing system thereby allowing you to receive the lowest pass-through pricing available in the market. Virtually all pharmacies participate in the network but having access to real-time pricing at competing pharmacies in your area gives you the tools to

## No Formulary Restrictions or Limitations

The SimpleSave Rx Plan does not include any formulary restrictions or limitations. All brand name prescription medications and/or their corresponding generic equivalents are included in the plan.

## SimpleSave Rx can work in conjunction with a Primary Health or Rx Plan

Even if you have a prescription drug benefit included in your primary health plan, you may find the SimpleSave Rx price is lower than your health plan's co-pay or coinsurance price. The pharmacy can run your primary plan to ensure you get credited with your accumulated benefits and/or deductible and then run your SimpleSave Rx plan as a secondary benefit. If the SimpleSave Rx pricing is better than your primary health or Rx plan, your out-of-pocket cost will be reduced and you will pay less at the pharmacy counter. You pay for your prescriptions as usual and can still use a flex spending or HSA debit card.

## Tips for Maximizing Your Benefits

Use the SSRx Drug website or call the Help Desk to find the best price at pharmacies located in your area. Knowledge gives you the power to save the most money on your prescription needs. Pure, pass through negotiated pricing provides discounts wherever you choose to fill your prescription. NOT ALL PHARMACIES ARE PRICED THE SAME. Always check the cash price too. Depending on the pharmacy and the given drug, the cash price could be less - sometimes free. Historically, the major corner drug store chains are often the most expensive pharmacies in the network. Walmart, Sam's Club and Costco are always good options along with local grocers and independent, neighborhood pharmacies.
